# Renovations Insulated Siding

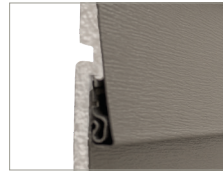

Endurance. Evolution. Performance.

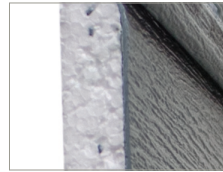

## Comfort and Durability

Renovations Siding will provide any home with distinctive appeal, while providing the comfort of an insulated panel. The foam backed panel will dress your home with its profile design options and palette of colors. The best of both worlds; the ease of maintenance like hollow back siding, with the advantages of an insulated panel.

## Product Features:

**0.046 Thickness**  
Panels lie snug against the wall and reduces surface irregularities, providing a smooth, uninterrupted sightline.

**Rigid EPS Insulation**  
Made from progressive foam that is laminated to the panel, increasing the rigidity and solid feel of the panel.

**Termite Protection**  
The foam contains Preventol® that provides protection against termites.

**Double Staggered Nail Hem**  
Engineering combined with durability makes installation efficient for exceptional wind resistance.

**Tuff-Lock™**  
Locks every panel above firmly to every panel below for superior integrity.

## Renovations Insulated Siding

Endurance. Evolution. Performance.

### Style:

- Choose from several beautiful colors
- Freshly painted wood look
- Deep 3/4" profile height provides attractive shadow-lines for the D6

### Maintenance:

- Limited-Lifetime Warranty
- Easy-care convenience, never needs painting

### Quality:

- Armor Coat™ finish protects the color and provides outstanding weatherability\*
- Meets or exceeds industry standards for ASTM D3679
- Meets VSI Standards

### Environment:

- NGBS Green Approved Product

\*Varying levels of Armor Coat™ depend on richness and brightness of color.

### Performance:

- Vapor permeability, allowing the siding to breath and not absorb moisture
- Insulated vinyl siding can help reduce wall irregularities
- Resists dents, hail damage, scratches and fading
- Reduces thermal conductivity
- Added impact resistance

### Production:

- Made In the U.S.A.
